<u>Grant Notes</u>	<u>FCC Rule Parts</u>	<u>Frequency Range (MHZ)</u>	<u>Output Watts</u>	<u>Frequency Tolerance</u>	<u>Emission Designator</u>
	15C	917.5 - 922.5	0.454988		

Output power listed is conducted. Single modular approval for OEM installations. The antenna(s) used with this module must be installed to provide a separation distance of at least 21cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter, except as documented in filings under this FCC ID and/or in accordance with FCC multi-transmitter product guidelines. OEM integrators must be provided with antenna installation instructions. OEM integrators and end users must be provided with transmitter operating instructions for satisfying RF exposure compliance. This grant is valid only when this module is sold to OEM integrators. OEM integrators must ensure that end users are not provided with instructions to remove or install this module. Only those antennas listed in this filing can be used. Use of additional antenna(s) are subject to the requirements of 15.204(c)(4). Class II permissive change as described in this filing.
